

The smoothest industrial vacuum

The VHW321 is the mobile vacuum cleaner that meets all the customer' requirements in terms of hygiene, cleanness and safety.

Thanks to its innovative and smooth design, the VHW321 is free of stagnant pockets where contaminants or residual materials can accumulate, becoming easy to remove from the surfaces after use. The M class cartridges filter ensures an high filtration efficiency and the innovative PullClean system makes it possible to clean them effectively while the vacuum is running, without stopping it. The H-class certified vac allows the safety replacement of the absolute filter (Bag In-Bag Out system) without getting in contact with the hazardous material.

- 1,5kW motor for continuous duty (24/7).
- Low noise.
- Absolute filtration.
- Vacuum meter to monitor the vacuum performances.
- 25L removable container.
- Stainless steel version.
- Toxic dusts version.
- Atex version.
- GMP conformity for pharmaceutical, food and chemical applications.

- Standard equipment
- Standard equipment
