

The highest performances for total hygiene productions

The most performing industrial vacuum cleaner for the most demanding applications specific for food, pharma and OEM.

The VHW440 is the industrial vacuum cleaner conceived for heavy duty applications in food, pharma, chemical, packaging and OEM industry. Designed into compliance with GMP requirements, it is most powerful vac in its segment which ensures the highest performances in terms of both vacuum/airflow and filtration. The compact design makes it the preferred choice when positioned next to the process machine.

The PullClean system allows an effectively cleaning of the M class cartridges filter while the vacuum is running.

The innovative http://www.nilfisk-cfm.com/en/AccessoriesForIndustrialVacuums/optionals_for_industrial_vacuums/Pages/InfiniClean.aspx and Jet Pulse systems make it the perfect solution for automated applications. The main filter is automatically and periodically cleaned with the exhaust air (http://www.nilfisk-cfm.com/en/AccessoriesForIndustrialVacuums/optionals_for_industrial_vacuums/Pages/InfiniClean.aspx) or compressed air (Jet Pulse) without any action required by the operator, keeping the highest level of efficiency and productivity.

Picture shown may not represent model quoted

- High performance with 4,0kW motor
- Absolute filtration to collect fine dust
- Vacuum meter to monitor the vacuum performances
- 50L stainless steel removable container
- Stainless steel version
- ATEX version
- Silent
- https://www.nilfisk-cfm.com/en/AccessoriesForIndustrialVacuums/optionals_for_industrial_vacuums/Pages/InfiniClean.aspx: the innovative automatic cartridge filter cleaning system featuring conical cartridges, for every kind of dust.
